To the Trade.

OUR FORMER catalogues incompletely represent the many new styles of manufacture recently adopted by this establishment, a fact which has induced us to issue this circular to the trade. It contains correct engravings and descriptions of Chairs of each variety and class now manufactured by us, and from it, our customers can at once select such styles as may suit their trade.

In ordering, please indicate the class of Chair wanted by the number representing it in the catalogue.

We take this opportunity to tender our thanks for the very liberal encouragement we have received from Dealers and Manufacturers throughout the country; and we have pleasure in stating, that through recent improvements in and addition to our machinery, enlargement of buildings, and increased facilities of every character, we are enabled to meet, promptly, the heavily increasing orders for our specialty in Chair manufacture.
